Dear friends of the „Sun Jewellery“ Studio,

I would like to cordially invite you and your company to my 7th Annual exhibition on the island of Ruegen. For the first time the entire Pinpointing Tower will be used as a presentation area for my work. The exhibition is devoted to the seasons. Please come along and join me on this journey! Each season is represented by unique gemstones and minerals and their nature reflected in my jewellery pieces. Dive into the world of tourmaline and tanzanite, opal and amber, jasper and ruby as well as diamond, rock crystal, sapphire and pearls.

I would like to draw your attention particularly to the exclusive highlights of this year's exhibition. This summer, the jewellery and precious stone tower will also be open in the evening on certain days.

Renowned gem experts will then give an exclusive insight into their world:

- Opals** Jürgen Schütz, Managing Director of the world's largest opal suppliers with mines in Australia, presents the wonderful diversity of colours of these gems and tells of his adventures.
- Star stones** Michael Steinbach shows particularly rare, high-carat star sapphires and star rubies. Be enchanted by his lecture on the discovery areas in Asia and India, and by the magic of these unique stones.
- Diamonds** Robert Wobito, one of the market's leading diamond traders in third generation invites into the world of the „Queen of all stones“. Sparkling beauties in competition with the stars at night.
- Ambe** As a tribute to the island of Ruegen, with its treasures from nature, such as amber and fossils, I will demonstrate the creation of my jewellery collection.

Experience the unique atmosphere in the Pinpointing Tower at night looking at the stars. My team and I look forward to welcoming you underneath the especially illuminated glass dome and the beacons of the lighthouse at Cape Arkona as well as on the island of Hiddensee.

Sunny greetings from Cape Arkona.

Yours,  
Nils Peters

P.S: Embedded in this summer's cultural events at Cape Arkona, following the theatre show „The Old Man and the Sea“, we would like to invite you to our „Magic Moments of Sun Jewellery“ at the Pinpointing Tower which will then be open for an hour.

Please refer to the enclosed invitation card for the individual times of these events. You can also arrange a personal appointment with me, of course.
